Portable pocket LED light with adjustable color temperature and RGB colors

- Color temperature adjustable between 2,700K – 10,000K
- Brightness adjustable between 1 – 100%
- Up to 360 colors with adjustable saturation between 1 – 100% and brightness between 1 – 100%
- 19 light effects with adjustable intervals between 1 - 10 seconds and adjustable intensity between 1 – 100%
- Integrated magnets inside the housing allow for mounting on metal surfaces
- ¼" threads on the bottom and the side
- Cold shoe adapter with ¼" thread included
- Bright LC-Display for monitoring battery power and current settings

Technical Data	
Number of LEDs	50 warm white, 50 cold white, 45 RGB
Power	11 W
Colour temperature	2,700K – 10,000K, adjustable in 100K steps
Hues	HUE (color value) 0 – 360, SAT (color saturation) 0 – 100% in 1% steps, INT (color brightness) 0 – 100% in 1% steps
Color rendering index (CRI) | Television Lighting Consistency Index (TLCI)	> 96 (CRI) > 98 (TLCI)
Power adjustment	0 - 100% in 1% steps
Illuminance	2,700K > 1,200 lx | 5,500K > 1,500 lx | 10,000K > 1,500 lx, measured at 0.5 meter
Lighting Effects	19
RGB mode	R: 320 lx | G: 550 lx | B: 140 lx
Battery operation | Battery life	Recharagable Lithium-ion battery, 3.7 V / 4000 mAh / 14.8 Wh >| 60 minutes
Input	DC 5 V / 2 A
Additional features	Magnet, 2 x 1/4" screw thread
Dimensions	155 x 78,5 x 15 mm
Weight	270 g (without cold shoe adapter)
What's in the Box and Packaging Details	
What's in the box	EF-P10 RGB Pocket LED Light, cold shoe adapter, manual, USB-C cable, Pouch
Packaging dimensions | Weight	190 x 141 x 35 mm | 385 g
